Issue #2

Did you know?

The Creative pottery studio is getting a new kiln! It has been ordered, and we hope to get it up and running early in the new year. This new kiln will come in very handy, because our pottery studio has been seeing regular use by a bunch of our members.

Our mission at **The Creative at Klondike** is to build a culture of creative and inspired thought through art, processes and experiences. We long imagined a dedicated space in the Augusta, Missouri area for and by artists to convene, exhibit, teach and learn from each other. We also envisioned this space to be a community gathering place, where creativity and inspiration would thrive - where atmosphere and artistic socialization would foster creative experiences.

The Creative at Klondike is a nonprofit 501(c)3 organization, in collaboration with St. Charles County Parks and Recreation.

AUGMOMA

What an experience it was to listen to Brian & Ben from Augusta Mo Metal Arts come speak about their history & experiences and demonstrate the tools of their trade, many of their own creation! Couldn't make the event? Check out more pictures at

They've left a portion of their exhibit with us, so come take a look!
