Our mission at *The Creative at Klondike* is to build a culture of creative and inspired thought through art, processes and experiences. We long imagined a dedicated space in the Augusta, Missouri area for and by artists to convene, exhibit, teach and learn from each other. We also envisioned this space to be a community gathering place, where creativity and inspiration would thrive - where atmosphere and artistic socialization would foster creative experiences.

## SILK PAINTING

Over the past few years, The Creative at Klondike has offered a variety of fun & educational crafting and artistic experiences, but this one was particularly unique. Over the course of three weeks, under the guidance of Miguel & Janet de Agüero, the participants learned to design, then to paint, set, and washout those unique designs onto silk to create spectacular scarves. What a special gift—not only for the scarves’ recipients, but also for the students who have learned to create such treasures!
